

I have been a listener and sponser of Air1 Radio for the last 2 years. I believe that my hard-earned money is best invested with this organization who serves a wide-spread community. They provide support to people who are in need of help, love, encouragement and sometimes protection, from themselves or others. I have received calls of encouragement from their staff, to know if there is something that I need from them. That means a lot to me. I know that to remove such a station from the air will be removing a place for people to go for, not only great music, but a shelter for support and encouragement. I think that Air1's pure mission is to serve. Please do not remove MY FAVORITE station off of the air in my area (Los Angeles/Pasadena) nor in any area in the country. I will continue to happily sponser them.
